BASIC DESIGN

MASTER LOGO

Singha brand symbol | Master logo version | Clear space | Minimum size

Singha brand symbol

Our master logo consists of the Singha icon and typography which have been carefully crafted to reflect the heritage of the brand and quality of our beer.

Don't's

Don't place on a different coloured background

Don't change the angle of the logo

Don't change the typography

Don't change the colour

Don't add effect to the logo

Don't crop the logo in a way that diminishes the brand identity

Don't re-proportion the elements from those set out in this document

Don't change the shape, distort or warp the logo in any way

Don't place additional typography within,around and above the logo

Don't re-proportion the elements

Master logo versions

We have several logo versions to suit various print requirements. The master logo should be used wherever possible. Only use the supplied artworks and do not create other logo versions.

CMYK & RGB version

This is the full color version with gradient - CMYK version for printing and RGB version for online usage.

Pantone version

This is a 2-Pantone version for printing without gradient.

Simplified pantone and kurz

This is the simplified Pantone version to be used under extreme printing limitations, embroidery of foiling.

Horizontal version

This logo is for application on extreme horizontal formats only, where applying our master logo would result in poor presence. Note the clear space being set for this usage using the letter 'S'.

Pantone version
35 MB · Ai

Simplified pantone and kurz
35 MB · Ai

Horizontal version
35 MB · Ai

Clear space

The clear space around the logo is the cap height of the letter 'I'

When used on a colour background, the master logo is contained in a white holding shape with the specified clear space. The base of the white holding shape is angled at 12 degrees.

Simple

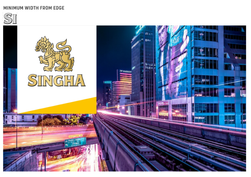

Horizontal version

This logo is for application on extreme horizontal formats only, where applying our master logo would result in poor presence. Note the clear space being set for this usage using the letter 'S'.

Simple minimum width from edge

This example shows the master logo being used on a visual. We need to allow a clear space which is equivalent to the width of the letters "SI" from the edge, either left or right.

Minimum size

The clear space around the logo is the cap height of the letter 'I'

When used on a colour background, the master logo is contained in a white holding shape with the specified clear space. The base of the white holding shape is angled at 12 degrees.

DARK MARKET LOGO

Singha brand symbol | Clear space

Singha brand symbol

Legislations in Thailand do not permit usage of gold colour and brand typography off-permise. We have created this " Dark Market " logo with dingha icon in white within a yellow device.

Only use the supplied artworks and do not create other logo versions.

Dont's

Don't change the colour of the background

Don't change the angle of the logo

Don't change the shape of the device

Don't change the colour of the singha icon

Don't add effect to the logo

Don't crop the logo in a way that diminishes the brand identity

Don't re-proportion the elements from those set out in this document

Don't change the shape, distort or warp the logo in any way

Don't place additional typography within,around and above the logo

Don't change the angle of the device

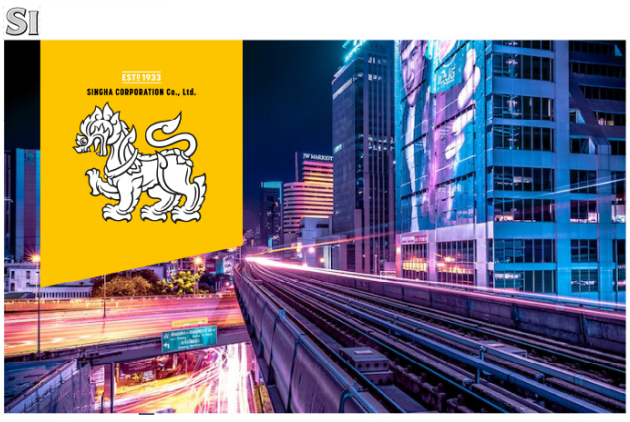

Clear space

In the alternative version without " Est. 1933 Singha Corporation Co. Ltd" , always allow ample space above the Singha icon, using the letter "S" as a guide for the clear space.

Simple minimum width from edge

This example shows the master logo being used on a visual. We need to allow a clear space which is equivalent to the width of the letters "Si" from the edge, either left or right.
